

From the Principal's Desk

Miss McMillan, M. Ed., Principal

Painted Rock Academy is very appreciative that you have chosen us for your child's school. We were founded on a philosophy of traditional education, and we are committed to continuing that philosophy to provide students with the finest possible education available. Sustaining that philosophy and the solid programs we offer requires the partnership of parents, students, and the school. Painted Rock Academy is a school of choice, and we require the participation of parents/guardians. We encourage our parents to work with the school for your child's benefit. You can help by checking your child's homework and signing their planners or green sheets. School support is one of the commitments parents make when they choose Painted Rock Academy for their child's education. Painted Rock Academy requests a minimum of 3 hours per month per family, or 27 hours per year per family. We would like to thank our families for your volunteer efforts at Painted Rock Academy. Each hour of parent support enhances your child's educational experience here. Thank you again for choosing Painted Rock Academy for your child's education.

We are excited to announce that Coach Hunt was able to get a grant for donations of Lacrosse equipment for our school. Next year, students will have the opportunity to learn how to play Lacrosse as part of P.E. We are so happy and can't wait to learn something new. Thank you, Coach Hunt!

IN THE SPOTLIGHT

Blast from the Past Spring Fling

Students and families had a great time at the spring fling. Miss McMillan kissed a pig for students reaching the goal for the Boosterthon and students loved the pie in the face game when they got to throw whipped cream at teachers and their principals.

Music Concert

We had an amazing Spring Music Concert in March. The students worked really hard to learn their songs and Ms. Illsley's hard work showed. It was an enjoyable evening outside.

7th/8th grade field trip

7th and 8th grade went on a field trip to the Palo Verde Energy Education Center. They were privileged to learn about the nuclear power plant. They learned a lot and

had loads of fun.

5th grade students had a great time learning about Robotics in Ms. Alfieri's computer class.
